

GETTING LITTLES ORGANIZED: YOU'RE NEVER TOO YOUNG

LAUREN MANG, CERTIFIED PROFESSIONAL ORGANIZER

DESCRIPTION

At what age can little ones begin to learn organizing skills? Are kids ever too old to learn to get organized? Lauren Mang of Let Me Organize It, will answer these questions and more, helping professional organizers and overwhelmed parents learn how to build their A-Team of organizing assistants to help corral the household chaos. Learn why it takes a village, and why it's important to start young. Understand how a toddler's mind works and how to harness their independence, energy, and curiosity into organizing skills that will last a lifetime. Identify strategies and tools to use with each age child that work and set the entire family up for success. Leave excited and prepared to get organized with the little ones in your life. You'll leave AMAZED at how young Littles can get organized, how easy it is to build your A-Team, and how simple it is to get those Littles involved once you have the right tools in your toolkit!

OBJECTIVES

- Discover six steps to maximize kitchen efficiency and storage
- Explore the best organizing solutions for kitchen and pantry spaces
- Learn how to customize systems from visual case studies
